

### Medication Authorization Form

Students needing medication to be given during school hours must have a medication authorization form on file in the student health records. *These forms must be completed and signed by the physician and parent and returned to the school office before any medication may be given. All medications including over-the-counter medications must have an authorization form completed.*

Parents must supply the medications in a container with the original label, appropriately labeled for administration during school hours. Medicine to be given at school is to remain at school for the period of time it is to be given. Please have your pharmacist label two containers for prescription medications, one for school and one for home.

I hereby request school personnel to supervise the administration of the medication for my child, named below. It is understood that the school is administering medication to my child and /or supervising the administration thereof gratuitously and in reliance on my request and the accompanying physician request. Accordingly I assume all responsibility regarding this matter and hereby release the school, its personnel and governing administrative bodies from any and all liability as to injuries or ill effects of any kinds which may be caused thereby, including those ill effects caused by school personnel failure to remind students to take the prescribed medication and to monitor its dosage.
